Notes:

- (1) "General Studies" students are reported as a separate category, but when quoting enrollment by college, "General Studies" should be included in the College of Arts & Sciences.
- (2) The total headcount agrees with the Student Data Course File (SDCF). "Lower" and "Upper" on the SDCF refer to the division to which the student has been admitted, not the student classification and not necessarily the course level.
- (3) Students with multiple majors/minors have been entered in the major listed first on the student record. This eliminates the problem of headcount duplication.
- (4) In 1996/97, bachelor's level secondary education programs outside the College of Education changed from a 13.0000 CIP to a "Non-Education" CIP, ie., Music Ed. was 13.1312 and is now 50.0903.
- (5) In 1999/00, the College of Science & Technology and Arts & Social Sciences were merged. Also Criminal Justice, Legal Assisting, Public Administration, Social Work and Health, Leisure & Sports were moved to the Col. Of Education, renamed the College of Professional Studies.
